

CIGNA's Identity Theft Program Helps You Combat Identity Theft

Available with CIGNA Accident Coverages

You've heard about it on TV and read about it in the paper — you may even know someone who's been a victim. Identity theft is America's fastest growing crime, victimizing almost 8.9 million people a year.¹ It's a serious crime that occurs when an unauthorized person uses your personal information — your name, Social Security number, bank or credit account number(s), or driver's license number — for fraudulent use. It's a silent crime often taking victims a year or more to discover, leaving them with a cumbersome, time-intensive process to restore their credit records and good name. CIGNA's Identity Theft Program, available to employees and their family members covered under a CIGNA accident plan, provides valuable resolution services to help you work through critical identity theft issues you may encounter.

If you suspect you might be a victim of identity theft, call us now at 1-888-226-4567. Our personal case managers are standing by to help you.

A Business of Caring.

Safeguard yourself against identity theft

You can minimize your risk of identity theft by managing your personal information wisely. Here are some important tips:

Your wallet

- Carry only one or two credit cards in your wallet.
- Carry only the identification information that you'll actually need when you go out.
- Do not carry your Social Security card in your wallet; leave it in a secure place.
- If your purse or wallet is stolen, report it to the police immediately.

Your bank statement

- Review your bank and credit card statements monthly for signs of suspicious activity.
- If your statement is late by more than a couple of days, call your credit card company or bank to confirm your billing address and account balances.

Your credit report

- Check your credit reports from the three major credit bureaus, Equifax, Experian and TransUnion annually and correct any inaccuracies. You can do this at www.annualcreditreport.com.

Your credit cards

- Do not hand over your ATM/debit cards or credit cards to anyone.
- Cancel all unused credit card accounts.

Your Social Security number

- Give your Social Security number only when absolutely necessary and before providing, ask to use other types of identifiers.
- Remove your Social Security number from any identification you carry in your wallet.

Your mail

- Deposit your outgoing mail in post office collection boxes or at your local post office, rather than in an unsecured mailbox.

Please indicate that you are a member of the CIGNA Identity Theft Program

Policyholder Name _____

Policy # _____ Group# 57

- Promptly remove mail from your mailbox.

Your trash

- Tear or shred your charge receipts, copies of credit applications, insurance forms, physician statements, checks and bank statements, expired charge cards that you're discarding and credit offers you get in the mail.

Your workplace

- Secure personal information in your workplace.
- Keep your purse or wallet in a safe place at work; do the same with sensitive personal information such as your paycheck.

Your home

- Secure personal information in your home, especially if you have roommates, employ outside help, or are having work done.

Your computer

- Do not keep computers online when not in use. Either shut them off or physically disconnect them from an internet connection.
- Use anti-virus software and a firewall.
- Be cautious about opening any attachment or downloading any files from emails you receive.

Your car

- Do not leave any personal information in your car.
- If your car is broken into report it to the police immediately.
