

Elevate your smile

6 ways to make the most of your dental plan

1. Visit your DeltaCare USA dentist.

You must visit your selected DeltaCare USA primary care dentist to receive benefits under your plan.¹

- **Read your plan booklet** for a complete list of covered procedures, copayments, plan limitations and exclusions. Reviewing the details of your plan benefits can help you prepare for treatment costs ahead of time and stick to your budget.
- **Don't worry about claim forms, annual maximums or deductibles** — just pay your copayment, if any, at the time of treatment.³
- **Ask your primary care dentist for a referral** if you need to see a specialist.⁴

2. Create an online account.

Check your coverage or select a dentist at deltadentalins.com. You do not need an ID card to receive care, but if you would like one, you can view or print one online by logging into your account.

3. Seek diagnostic and preventive care.

Your plan covers regular exams and cleanings at low or no cost to help catch problems before they require costly, extensive treatment. Overall health can affect your dental health, from hypertension to pregnancy. Start each dental visit with a quick chat about any issues or medications.

4. Stay informed.

Get oral health tools and tips at deltadentalins.com/wellness. Subscribe to *Grin!*, our free dental wellness e-magazine. Also say hello to our member perks. 5. Complete in-progress orthodontic care.

If you began orthodontic treatment under a previous employer-sponsored plan, you may be covered for continuing treatment with your current orthodontist. The copayments and fees of your previous plan would apply.⁵

As a Delta Dental member, you can receive significant savings on LASIK procedures and hearing aids.⁶ Call QualSight at **855-248-2020** and Amplifon Hearing Health at **888-779-1429** to get started with their concierge service.
