Prudential Long Term CareSM Insurance

The Prudential Insurance Company of America

Long-term care is the help or supervision provided for someone with severe cognitive impairment or the inability to perform the activities of daily living such as: bathing, dressing, eating, toileting, transferring, and continence. Services may be provided at home or in a facility—and care may be provided by a professional or informal caregiver, such as a friend or family member.

Why do I need long-term care insurance? Your odds of needing long-term care services may be greater than you think. A spinal cord injury, stroke, Parkinson's disease or Alzheimer's disease could leave you in need of long-term care services.

How expensive is long-term care? It can cost a national average of \$79,000 a year for nursing home care alone.¹ When people suddenly find themselves the primary caregiver for a loved one, the responsibility could result in a huge financial and emotional burden. Long-term care insurance helps to offset the cost of long-term care services.

Isn't care covered by other insurance? Disability income insurance provides no benefits for the services covered by long-term care insurance—while Medicaid, Medi-Cal and Medicare have limitations.

Why should I get coverage now? Your employer has made it possible for you to buy this valuable coverage at group rates.

Am I too young for long-term care insurance coverage? It's never too early to purchase coverage. And the younger you are when you first purchase long-term care insurance, generally the lower your premium for the life of your insurance plan, regardless of your age or health status in later years.²

Can I get coverage for other family members, too? You can also extend coverage to qualified family members (such as a spouse, parent, or grandparent). They will need to provide evidence of good health satisfactory to Prudential.

Benefit Eligibility	Individuals will receive benefits if a Licensed Health Care Practitioner has assessed and confirmed that the insured is unable to perform, without substantial assistance, two out of the six activities of daily living (ADLs)—bathing, dressing, eating, toileting, transferring, or continence—for at least 90 days; or the insured has had a severe cognitive impairment (loss or deterioration in intellectual capacity) that requires ongoing help or supervision. A Licensed Health Care Practitioner must then develop a Plan of Care, consistent with the certification. The Plan of Care will be used to determine benefits based on the Insurance plan option chosen.		
Elimination Period	30-day waiting period is available with a 3-year Lifetime Maximum only. 90-day elimination period available with 3-year, 5-year and 10-year Lifetime Maximum.		
Periodic Inflation Protection	Every three years individuals will be offered the opportunity to increase their coverage. This periodic inflation offer will be extended without the submission of any additional health information, provided the insured has not declined the previous two consecutive inflation offers. Rates for this additional coverage will be based on the age of the insured at the time the inflation offer is accepted.		
Restoration of Benefits	If a claimant returns to normal activities (no ADL assistance or cognitive impairment) for a period of at least 6 consecutive months, Prudential restores the Lifetime Maximum to the level in effect prior to claim.		
Cash Alternative	This feature provides you with an option to address your long-term care needs in any manner you choose. It provides a monthly fixed benefit in lieu of reimbursement for eligible charges for Home Care/Home & Community-Based Care. The benefit is equal to 50% of the Daily Maximum for Home Care/Home & Community-Based Care. The Cash Alternative benefit will reduce the Lifetime Maximum benefit and is subject to the Elimination Period.		
Death Benefit	A portion of the premiums an insured has already paid into the Insurance plan is returned if the insured dies. The refund of paid premium is based on the insured's age at death and is decreased by any benefits paid under the Insurance plan. There is a 100% refund through age 64, reduced by 10% each year starting at age 65.		
Additional Benefits	Bed Reservation, Hospice Care, Respite Care, Independence Support, Caregiver Training, Information and Referral Services, Private Care Management, International Benefit, and Alternate Plan of Care.		
Optional Features	Automatic Compound 5% Inflation Protection Option and Monthly Benefit Option. [†] [†] These optional features are available at an additional cost.		
Payment Method	Choose from convenient payroll deduction, EFT payments, or direct billing. Discounts are available for direct billing: Annual: 5.587%; Semi-Annual: 2.83%.		
Waiver of Premium	After benefit eligibility criteria are met and any applicable Elimination Period is satisfied, premiums will be waived.

Insurance Plan Exclusions:

Insurance Plan exclusions may vary by state. Benefits will not be payable if any of the following situations apply:

Work-Connected Conditions Charge: A charge covered by a workers' compensation law, occupational disease law, or similar law.

Government Plan Charge: A charge for a service or supply (a) furnished by or for the United States government or any other government, unless payment of the charge is required by law; or (b) to the extent that the service or supply, or any benefit for the charge, is provided by any law or governmental plan under which the patient is or could be covered. This (b) does not apply to a state plan under Medicaid or to any law or plan when, by law, its benefits are excess to those of any private insurance program or other non-governmental program. When this (b) is applied to Medicare, the benefits provided by Medicare will be deemed to include any amount that would have been payable by Medicare in the absence of a deductible or coinsurance requirement under that program.

Self-Inflicted Injury or Suicide: Charges arising from intentionally self-inflicted injury or attempted suicide.

Services and Supplies Outside the United States: Charges for services or supplies outside the United States except as described in the International Coverage benefit.

Treatment for Chronic Alcoholism or Chemical Dependency: Charges in connection with the treatment of chronic alcoholism or chemical dependency.

War, Felony, Riot, or Insurrection: Charges for a condition due to war or any act of war while you are insured or due to the insured's participation in an act of felony, riot, or insurrection. War means declared or undeclared war. Riot means a wild, violent, public disturbance of the peace.
